

# Vietnam School on Neutrinos

15 Jul - 26 Jul 2024

ICISE Centre, Quy Nhon

## Introduction

- ▶ Ranjeet Kumar ~ belongs to India, born in a small village of Jaunpur district, Uttar Pradesh.

- ▶ I have completed my basic studies there and graduation from Allahabad University.

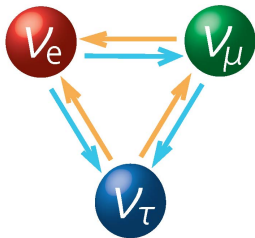

## Research Journey

Currently I am doing my PhD with Dr. Rahul Srivastava, in the Department of Physics, Indian Institute of Science Education and Research (IISER) Bhopal. Its beautiful campus and healthy environment for science discussion.

## Research Interest

I am mostly interested in the Neutrino and Dark Matter Physics and a bit taste of cosmology.

## Hobbies and Interests

*My hobbies are playing cricket, badminton, table tennis, reading books, cooking and ofcourse sleeping in PhD.  
I often play cricket on weekends and I am a player of cricket group of my institute.*

I also love travelling, meeting new people and learning different languages and culture.

***Thank You***
